METALLIC CHEMICALS

Your Trusted Partner Since 1990

Quality Refined, Perfection Defined

Who we are

Ambica Chemicals Industries & Ambica Metallic Chemicals have been proudly serving the industry since 1990, bringing a wealth of experience & excellence to our esteemed clientele. We specialize in producing Aluminium Sulphate products and have been dedicated to serving various industries such as Textile, construction, pulp & paper, Leather, water treatment etc. since more than three decades. As a manufacturer and supplier of Alum, we have earned the trust of numerous clients located around the globe.

What we do

At **Ambica Chemical Industries**, We are committed to manufacturing & supplying high-quality chemical products that cater to diverse industries & applications. Our primary focus is on the production of **Aluminium Sulphate (N.F.ALUM) products**, available in various forms, including **Slabs, Lumps, Liquid & Powder**.

Our commitment to quality is unwavering. We proudly hold certifications & standards that set us apart:

Registered under

Compliant to

Certified with

At **Ambica**, we deliver products that adhere to Indian Standard Specification norms & adhere to the Factories Norms Act, & Pollution Control Board regulations.

Trusted by Industry Associations

As proud associates of esteemed industry organizations,

Vision

Our aim is to emerge as a global leader in the chemical industry by providing high-quality products & solutions that address the diverse needs of our clients, all while upholding a steadfast commitment to sustainability.

Mission

We are dedicated to producing **top-tier** Aluminium Sulphate products that adhere to the highest quality standards. We strive to build lasting partnerships with our clients by delivering products that consistently meet their unique requirements.

Values

Our foundational values serve as a compass, directing each decision we undertake & every step we progress. Our fundamental principles Ensure that all of our actions align with ethical standards that have been instituted to guarantee honesty, effectiveness, & long-lasting relationships with our customers, the environment, & our commitment to society. Our values are underpinned by our unwavering commitment to High Quality, Competitive Cost; Excellent Service, & On – Time delivery – all of these form our unique selling proposition (USP). At the heart of it all, we strongly believe in growing together as a team, uniting to achieve common goals & forge enduring connections.

Infrastructure

Our infrastructure forms the backbone of our operations, currently supporting a capacity of 3000 metric tons per month, and we are consistently expanding to accommodate increasing demands. Upholding quality as a top priority, we have established an in-house, state-of-the-art laboratory. Sample testing plays a crucial role in ensuring that our products adhere to the highest standards and safety regulations. This testing process is integral to our commitment to delivering excellence in every batch we produce, ensuring that our customers receive products of the highest quality and safety standards.
